July 5, Lincoln, NE -- Clinic with a Heart to hold Open Houses and Announces New Schedule

Clinic with a Heart, operating since May of 2003, is inviting the public to an Open House. Beginning in July, Clinic with a Heart began providing services in its first permanent location. Prior to this move, clinics were offered in temporary locations. Volunteers set up and tore down the clinic operations after each night of service. In the new location, there will be exam rooms, a dental office, optometry space, a Physical Therapy area and a Chiropractic area. Volunteers also provide mental health services. The clinic space was remodeled by the Sower's Club of Lincoln and most of the treatment room furniture was donated.

Each night of services is staffed by volunteers who serve on mission teams. There are now ten teams providing care with almost 600 volunteers.

During the open house, volunteers and staff will be available to give tours and answer questions.
