**August 30, 2016** – Clinic with a Heart Partners with CenterPointe

Lincoln, NE – A faith-inspired organization, Clinic with a Heart serves the uninsured and underinsured through a ministry of healthcare. Volunteers provide free healthcare with hospitality, dignity and grace.

Working shoulder to shoulder in the community, Clinic with a Heart and CenterPointe already serve many of the same people. Both agencies serve individuals and families who have no insurance and who are struggling with homelessness or near-homelessness.

Beginning in October, a Clinic with a Heart mission team sponsored by CHI Health Saint Elizabeth will provide a monthly health clinic at CenterPointe's Outpatient facility specifically for consumers of CenterPointe services. This will be a closed clinic – no walk-in appointments will be available.

This deeper partnership will help meet many of the urgent physical health care needs among people who are working to turn their lives around through CenterPointe's pivotal treatment, rehabilitation, housing and crisis services. The partnership furthers the mission of both organizations.

Clinic with a Heart is currently fundraising for this specialized clinic to purchase a new vital signs monitor, otoscopes, over the counter medicine and other supplies to run a clinic. To contribute visit [clinicwithaheart.org/donate](http://clinicwithaheart.org/donate) or contact Angela Boule at 402.404.0454.
